The Plainfield Short Term Offender Program encourages visiting. Staff recognizes that through visitation, offenders are able to continue contacts with their family and friends that will aid them while they are here and will prove indispensable to them after they are released. Although the facility encourages visitation, security and the physical layout make it necessary to establish the following regulations:

1. ALL VISITORS SIXTEEN (16) YEARS OF AGE AND OLDER MUST BE ON AN APPROVED VISITING LIST. THIS LIST IS ESTABLISHED BY THE OFFENDER THROUGH THE FACILITY. Offenders will not be forced to accept a visit and will be visited only by those persons listed on the approved visiting list.
2. All visitors aged sixteen (16) and over will be required to produce positive picture identification before entry into the visiting area. Exceptions to this requirement may be granted only by the Facility Head or designee. Visitors under the age of eighteen (18) must be accompanied by a parent or legal guardian at all times while on the facility grounds. Parents must provide a copy of birth certificate, and legal guardians must provide legal papers showing guardianship of all minors. This procedure does not apply to an offender's spouse who is under the age of eighteen (18) years. Based upon a request from the offender, the Facility Head may grant an exception to this requirement. In cases where a parent or guardian cannot accompany a minor child, the Facility Head may grant an exception to this requirement. In cases where a parent or guardian cannot accompany a minor child, the Facility Head may approve another responsible adult to accompany the child during a visit. The minor child's parent or legal guardian must sign and have notarized State Form #48965, "Authorization for Minor Child to Visit", prior to actual visit.
3. Ex-offenders are not permitted to visit unless approved by the Facility Head. To obtain approval, the ex-offender must write the Facility Head requesting to visit and list the person(s) they wish to visit. Persons on parole or probation must include a written recommendation from their Probation or Parole Officer to the Facility Head. Ex-employees of the Department of Correction and current Department of Correction employees must have written approval from the Facility Head and the Commissioner before they may visit an offender.
4. The visiting schedule is on a one (1) week cycle. The same visitor may visit every seven (7) days unless approved for additional visits by the Unit Manager or higher authority. Offenders may have two separate visits per day, with one of the two visits being the offender's immediate family.
5. Only four (4) adults, plus children six (6) years of age or younger that can be held on the lap, will be permitted in any visiting situation. This means one (1) offender and three (3) adult visitors, two. IDOC Policy no longer permits visitors to visit more than one offender per visit. Children too small to sit in a chair by themselves may sit on the offender or visitor's lap during the visit. Children of any age too large to sit on the lap will be counted as an adult for visiting purposes.
